🧠 Skills

PROGRAMMING

JAVA, HTML, CSS, JavaScript, C++

DATABASES

MySQL, MongoDB

FRAMEWORKS

ReactJS, AngularJS, REST API,
Microservices, Bootstrap, NodeJS

📖 Coursework

Data Structures and Algorithms

DataBase Management Systems

Object-Oriented Programming

Functional Programming

📄 Certificates

NIIT Digital 🔗

Post Graduate Program in Full Stack
Software Engineering

💼 Professional Experience

Web Developer, MRK Vista Solutions Pvt. Ltd

May 2024 - Present | Noida, India

Tech Stack used: HTML, CSS, JavaScript, ReactJS and NodeJS

- Developed and maintained responsive websites using HTML, CSS, JavaScript, and ReactJS, ensuring a seamless user experience across all devices.
- Built and deployed RESTful APIs using NodeJS and ExpressJS, integrating them with front-end applications for dynamic data handling.
- Implemented MongoDB for database management, ensuring efficient data storage and retrieval for high-performance web applications.
- Collaborated with cross-functional teams using Git and Agile methodologies, delivering features on time and improving team productivity.

🎓 Training

NIIT StackRoute - PGP in Full Stack Software Engineering,

September 2022 - February 2023

- Completed a rigorous 6-month full-time Professional Full Stack Software Developer Program.
- Achieved proficiency in Java programming, HTML, CSS, Angular, Hibernate MVC, and Spring Boot application development.
- Pioneered the integration of AI-driven chatbots into web applications, enhancing user experience and reducing customer service response times by 50%, leading to increase in customer satisfaction rates.

📁 Projects

To Do Tracker

Tech Stacks used: Spring Boot, Microservices, Angular 12, MongoDB, MySQL

- Led a 3-member team in developing an Agile task tool for managing to-do lists.
- Engineered and implemented an optimized database structure using MongoDB to streamline data retrieval processes.
- Introduced 5+ features for task management and visualization, including registering/login, search, reminders, etc.
- Demonstrated strong teamwork resulting in a development effort of less than 1 week.

🏆 Achievements

1st rank | Business Plan Ideation

Runnerup | TCS HackQuest Playground
